

The content of programming that K-LOVE provides me is very positive and uplifting at a time when our society tends to dwell upon the negative aspects of life. I can confidently recommend this station to others who are searching for a radio station that has solutions to life's stresses and problems. Their program is suitable for all ages and is very family orientated which I consider a good thing. I don't want to hear profanity and obscenity in the music I listen to. The music and artists featured on this station are good role models for our youth and adults alike. This is a much-needed service to the community in which I live. To remove it would be to severely limit the choices of programming available in the Christian segment. All of this contributes significantly to the community's interest because it offers an edifying alternative to "junk radio" and the candy diet of sugar and sweets. K-LOVE has the meat and potatoes for a hungry public that contributes to living and surviving in a positive society.
